Attached to this memo are universe change forms to document the RCRIS universe changes that we made during the last quarter FY '94 STARS. Wes Bartley and Gerry McKinney have signed the forms. You need to get your Kansas State compliance and permit officers to sign the forms and then put copies in your files. Please send me a copy of each form after your officers have signed them so that I can file the forms in our files as well.

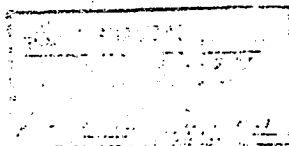

Also, attached are two universe change forms for LaFarge and Kuhlman facilities that Wes Bartley is requesting status changes. LaFarge needs to be changed to a TSD and BIF in RCRIS. Kuhlman needs to be removed from the TSD universe and marked to go to Superfund in RCRIS.

If you need assistance, I can be reached at 913-551-7532 or you can call Colleen Thomas at 913-551-7182.
